## Hoofbeats . . . . .

*News from the Clubhouse by Marty Clegg, Secy/Treas*

The 20 November 2024 meeting of the Falls City Mustang Club was called to order with the sound of the gavel by President Kevin Liebert. Kevin thanked the unusually large crowd for attending the meeting. Sec/Treasurer Marty Clegg reported on the club finances along with distributing a copy of the treasurer's report to everyone. Marty also noted that, for new memberships, additional antenna flags were needed to be ordered. Bill and Janet Grant stepped up to cover the cost of 50 new antenna flags. Scott MCGloshen entertained everyone with the latest edition of 'Mustang News and Stuff' including a very wise quote from Henry Ford. Kamos Glover, MCA Regional Director, spoke about locations and dates for the 2025 and 2026 MCA shows. The Queen City Mustangers will host a MCA show in June and with registration now open. Brenda Clegg, Membership Chairperson, announced a new membership, Bradley and Dannielle Blackman of New Salisbury who own a 1996 Mustang GT coupe. Bradley was on hand to briefly tell everyone about himself. Kevin spoke about several recent shows and outings attended by FCMC members to include the Wooded Glenn show, Veterans of Harrison County show followed by a cruise-in at the Clarksville Steak and Shake. Kevin thanked everyone who participated in the pony drive hosted by him and Suzie to Rough River Lake (no tree limb relocating was needed). Upcoming shows and outings to watch for are a car show on Black Friday, November 29, at the Sellersburg American Legion followed the next day with the Lighted Christmas parade at Jeffersonville. December 7 is the annual FCMC Christmas party at Brandon and Amy Grant's garage. Moving into the new year, the next meeting is January 15 followed by club bowling at Blackiston Lanes on January 25 and February 22. There is a group of FCMC members planning to attend the Ponies in the Smokies on March 25-29. And a little farther out on the calendar is the annual Broughton Family Classic car show on April 5. Kevin spoke about the annual holiday donation to the Angel/Senior Tree. Members agreed to add the second quarter \$500 to the \$1000 already set aside for the Angel Tree. A number of members agreed to shop for the angels or seniors. Dining prior to the January 15 meeting will be at Marks Feed Store on Charlestown Road in New Albany. Please note there will be no December meeting. And last but not least, the monthly cash drawing that hasn't be claimed for many months was won by none other than our very own editor in chief Janet Grant. Being no further business the meeting was adjourned.

## MUSTANG TIMES / NOVEMBER 2024

### DES MOINES AWARDS CORRECTIONS

Subsequent to the printing of the awards listing for the Mustangs at the Crossroads Nationals in Des Moines, Iowa, two awards were updated. Kamas Glowor's 2019 GT California Special convertible initially received a Silver for Daily Driver but it has been updated to Gold.

Steeda has announced that its newer Ford Mustang known as Silver Bullet 2.0 has claimed the world record for being the fastest naturally-aspirated 2024 model year GT on the planet after recording a 10.758 second quarter-mile time at 128.50 mph.

### PRICE INCREASES FOR THE 2025 MUSTANGS

The 2025 Mustang starts at \$33,515 for the base turbo-4 "EcoBoost" coupe (all prices include a mandatory \$1,595 destination charge). That and the base price for the Premium (\$39,040) are unchanged from the 2024 model year, when the current-generation Mustang debuted. So is the turbo-4's 315 hp and 350 lb-ft of torque, and its 10-speed automatic transmission.

Opt for the Mustang GT coupe and its 5.0-liter V-8, though, and you're looking at a \$2,600 price increase whether you choose the base grade or the GT Premium. Those models are priced at \$47,055 and \$51,575, respectively. The GT is still rated at 480 hp and 415 lb-ft, and is offered with the 10-speed automatic or a Getrag 6-speed manual.

The Mustang Dark Horse is priced from \$64,875 in base form and \$69,870 in Premium spec—increases of \$2,645 and \$3,645, respectively. New for this generation, the Dark Horse ups V-8 output to 500 hp and includes more revised aerodynamics and track-focused suspension. It retains a 6-speed manual option like the Mustang GT, but with a Tremec gearbox.

Ford also cut the High Performance Package for turbo-4 models, and removed wireless smartphone charging across the board. The Brembo brake option for GT models rises \$300 to \$1,995, while active exhaust is \$370 higher at \$1,595. The California Special packages now costs \$2,195 (\$200 more) and the number of color options has been pared from 11 to eight.
