The 16 April 2025 meeting of the Falls City Mustang Club was called to order by President Kevin Liebert at the New Albany American Legion. Kevin welcomed the unusually large group to the meeting. Marty Clegg, Sec/Treasurer, reported on the club finances along with distributing a copy of the treasurer’s report to everyone. Scott McGloshen briefed everyone on the latest edition of the Mustang News and Stuff which, as always, included a quote from the very wise Henry Ford. Chris Moorman spoke about the upcoming ‘Great Race’ of vintage autos that will be passing through Frankfort, Ky on Wednesday, June 25 for an overnight stay. Chris and other members are planning to travel to Frankfort for the arrival of the group. Details to follow on the FCMC Members Only Facebook page. Frank Harley, newly appointed Road Boss, shared his thoughts on the annual pony trail leading up to the June car show. Brenda Clegg, Membership Chairperson, announced a new membership, Linda and Ray Deaton of Scottsburg, Indiana who own a ’96 Mustang Saleen convertible (actually the car is hers). Kamos Glover, MCA Regional Director, gave some insight on planning for the 2026 MCA national shows. Two past car shows reviewed were the Ponies in the Smokies where eleven club cars made the trip to the Pigeon Forge area and enjoyed the Great Smoky Mountains. The other was the recent Pirate Classic car show at Charlestown High School hosted by the Broughton family where 17 club cars joined in for the day’s activities. Upcoming shows and events include the FCMC Mustang Birthday Bash this Saturday the 19th at Jim O’Neal Ford. The following Saturday the 26th is the Pony Car Roundup hosted by the Frankfort Mustang Club. Numerous other car shows rounding out April and during the month of May were mentioned and can be found on the club website as well as the FCMC Facebook page. In regard to club donations, members chose to donate \$1000 to the Red Cross Flood Relief for Kentucky and southern Indiana. A donation to the Sellersburg Police charity was also considered. Dining prior to the May meeting will be at The Chicken House, 7180 Highway 111, Sellersburg, Indiana. Finally a member was fortunate enough to have their number drawn.....Brenda Clegg being the big winner of \$75 (3 months supply). Being no further business, the meeting was adjourned.

2025 FCMC Annual Mustang Birthday Bash

On April 19th FCMC had their annual Mustang Birthday Bash, celebrating the 61st year of the Mustang, at Jim O'Neil Ford in Sellersburg IN. The attendance was down a little this year due to iffy weather. We still had a great time celebrating the Mustang's birthday.

2025 Frankfort Pony Car Roundup

Brrrr! what a chilly day we had at the Frankfort Pony Car Roundup on April 26th, 2025. The temperature was around 50, windy and cloudy. But we still enjoyed the day doing cakewalks, eating and sitting around talking. Frank and Angela won an award, congrats.

MUSTANG NEWS and STUFF

BY: Chris Moorman & Scott McGloshen

National Mustang Day, celebrated annually on April 17th, marks the day the Ford Mustang was first introduced to the world at the 1964 New York World's Fair, and is a day for Mustang enthusiasts to unite and celebrate their love for the iconic car.

The Mustang was officially introduced to the public on April 17, 1964, at the New York World's Fair.

The idea of a yearly celebration for the Mustang, known as National Mustang Day, was introduced by the Mustang Owners Museum in late 2015, with the goal of Mustang enthusiasts coming together on April 17th to drive their Mustangs.

MUSTANG WORLD'S FAIR

The Mustang's grand debut came on April 14, 1964 for the press and April 17, 1964 for the general public. The official unveiling took place at the largest exhibit at the New York World's Fair, the Ford Pavilion also known as the Wonder Rotunda.

At the Fair, the Mustang was on display in and around the Wonder Rotunda, and visitors could ride in an all-new Mustang convertible on the Magic Skyway ride. This ride was designed by Walt Disney and his staff to be "a fantasyland of the past, present and future." The convertible would take visitors through a nearly half-mile, twelve-minute ride depicting "millions of years of life on Earth." The almost 15 million visitors who took the ride were thus able to inspect the Mustang's interiors and familiarize themselves with its many available options and accessories.

The Mustang set the industry record for sales during the first year with more than 418,000 units, breaking the previous record set by the Ford Falcon in 1960, and more than doubling the expected sales total of 150,000 for the Mustang. During the celebration at the Wonder Rotunda, the Mustang received the Tiffany Gold Model for Design Excellence and the Industrial Designers Institute's bronze medal. The Mustang was the only car honored by Tiffany and one of only four honored by the IDI.

The base model of the Mustang began at \$2,368.00, making this first "pony" car accessible to many drivers. Multiple available options and accessories allowed the Mustang to be upgraded toward sportiness or luxury depending on the owner's desires.

I believe God is managing affairs and that He doesn't need any advice from me. With God in charge, I believe everything will work out for the best in the end. So what is there to worry about.
