The 18 February 2026 meeting of the Falls City Mustang Club was called to order by President Kevin Liebert at the New Albany American Legion. Kevin welcomed everyone to the meeting noting this is the first meeting since 19 November due to the December holidays and a weather cancellation in January. Marty Clegg, Sec/Treasurer, reported on the club finances along with distributing a copy of the treasurer's report to everyone. Brenda Clegg, membership chairperson, distributed updated copies of the members contact information. Kamos Glover, MCA Regional Director, spoke about his recent attendance at the MCA Regional Directors meeting in Gulfport, MS. Kamos reminded everyone that MCA members are eligible for the X plan when purchasing a new Mustang. Kamos also spoke about some of our sister clubs desiring to resurrect the regional 'Traveling Trophy' that was circulated among the four sister clubs a number of years ago. The trophy was awarded to the club with the most attendance at the other three car shows. Kevin announced a number of upcoming club outings, events and car show beginning with the FCMC February bowling this Saturday the 21st. March 21st is the annual Kyana Swap Meet at the Kentucky Fairgrounds. Also in March is the Ponies in the Smokies Mustang gathering on March 24-28. Heading out for some hopefully better weather in April, the Broughton Pirate Classic car show at the Charlestown High School is April 4. The FCMC Mustang birthday bash at Jim O'Neal Ford is April 18 followed by the Frankfort Mustang Club hosting the Pony Car Roundup on April 25. Right now the only car show on the horizon in May is the Madison River Run show on May 23. Members chose to dine prior to the March meeting at Derby City Pizza in New Albany. For the cash drawing, which hasn't been claimed in the past several months, Kevin Kessans had his lucky number drawn and pocketed a crisp one hundred dollar bill. Being no further business, the meeting was adjourned.

 If anyone goes to a car show and takes pictures, please send to Brenda or myself.

2026 FCMC February Bowling Outing

On a cold and windy February 21st what could be better than going bowling at Blackiston Mill Lanes in Clarksville, and that is where you would have found FCMC, we had 18 bowlers and several bystanders.

We only had three people with "Turkeys", Steve(2), Frank and Marty(2), Marty took home the high series (455) trophy and the Turkey trophy to care for until next February.

After bowling we had a delicious dinner at Senor Iguana.

Frank got himself a Turkey

Marty got a Turkey twice and also the High Series Trophy

Double Turkey for Marty!

Steve wins the Turkey Twice

MUSTANG NEWS

January 2026

Ford has upped the ante with the Mustang Dark Horse SC. Under the hood is a supercharged 5.2-liter V8 engine paired with a seven-speed dual-clutch transmission. The automaker will release the car's official power numbers and the price later in the year, right before deliveries begin this summer.

The Dark Horse SC will slot just below the Mustang GTD, which makes 815 horsepower, and just above the 500-horsepower Dark Horse, which should give you a clue as to its output.

The Dark Horse SC comes standard with MagneRide dampers with the latest software baked in. It also features revised springs with firmer rates, new stabilizer bars, updated front and rear knuckles, and modified front control arms. Under the hood, Ford installs a lightweight magnesium strut tower brace.

Ford will share pricing and output figures later. You can start placing orders this spring, with deliveries scheduled to begin in the summer.

After a 22-year absence, Ford is returning to F1 racing. The new formula 1 car will debut at Australian Grand Prix in March 2026.

"When everything seems to be going against you, remember that the airplane takes off against the wind, not with it."

Tri City Ford in Eden, North Carolina treated its Cobra R less like a car and more like a priceless museum artifact. It never left the building, never collected miles, and never fulfilled the purpose it was made for. And the **15 miles on the odometer** for over 25 years tells you everything.

That carefully controlled environment collapsed when a 2019 Hyundai Tucson lost control while reversing and punched through the showroom wall. The crossover slammed directly into the Mustang's passenger side, damaging body panels and buckling the roof. A car protected from weather, wear, and time itself was undone by the most boring everyday car imaginable.
